software skills

I learn a lot in my spare time, let's say that I never stopped to learn things... Python, Go, PHP, C, Assembly, Tensorflow, Deep Learning, Docker, Laravel, Electron, VueJS, Gcloud, Kubernetes it's only some technologies that I dedicated my time in the last years so far.

You can find some of my projects at <https://github.com/mauri870> and <https://mauri870.github.io>

operating systems

I really love Windows for development, it's a pleasant experience - ok, I'm joking lol.

I used Linux based operating systems since 2014 in a daily basis, currently using [Manjaro with i3wm](#) ❤️
